

## Welcome to our First Newsletter!

*Much has happened in 2017 toward advancing the cause of great Catholic schools in the Diocese of Bridgeport. As the following pages illustrate, Foundations in Education is on the move! We are grateful to all who have partnered with us to realize so many successes for the children and teachers we support.*

*With your help, Foundations in Education awarded more than 1,300 students financial assistance through the Bishop's Scholarship Fund. Leaders of Tomorrow was launched this year as a distinctive program of the Bishop's Scholarship Fund made possible through designated donations that provide students an opportunity to transform their lives through the gift of a Catholic education.*

*Innovation and Leadership grant applications are currently being evaluated and we look forward to awarding \$105,000 in our historic first grants early in 2018. In addition, we are exceedingly pleased to acknowledge a particularly exciting innovative program made possible by an anonymous donor of which you shall learn more in the spring. This grant will allow Kolbe Cathedral High School in Bridgeport to embark on a pilot innovative vocational partnership with Housatonic Community College and St Vincent's/Sacred Heart's Center for Healthcare Education. These programs will provide training in advanced manufacturing and nursing assistant programs, respectively.*

*All of these initiatives and the many to come are possible because of your engagement and contributions to Foundations in Education. Please enjoy this newsletter and please let us know what other articles or items of interest you would like to learn more about in future issues.*

*On behalf of our Board of Trustees, the Foundations' staff, the students, teachers and administrators we serve, thank you for ensuring a Catholic elementary education is accessible and remains best in class.*

*May you enjoy a blessed Christmas and a New Year of happiness, health and prosperity.*

*Sincerely yours in Christ,*

Foundations in Education is pleased to announce the appointment of three new members to its Board of Trustees. Joining the Board, effective December 11, are George Coleman of Newtown, Andrea Maldon of Fairfield, and Sister Mary Grace Walsh, ASCJ of New Britain.

"Our new Trustees embody the spirit of community and bring talent and energy to the Board. They are joining a dedicated and mission-driven governing body and we are very fortunate to have their expertise as we continue to strengthen and transform Catholic education," said Holly Doherty-Lemoine, Executive Director of Foundations in Education.

George Coleman currently serves as an Early Childhood System Development Specialist at Cooperative Educational Services (CES) and holds graduate degrees in Early Childhood Education and Curriculum and Instruction from Teacher's College at Columbia University.

Prior to serving at CES, Coleman spent his 24-year career with the Connecticut State Department of Education, where he was twice named Acting Commissioner of Education. Coleman also drafted the School Readiness Legislation and funding-level commitments, which now exceed \$200,000,000.

## Innovation & Leadership Grants

In our historic inaugural year offering Innovation and Leadership Grants to teachers and school principals, Foundations in Education received 35 grant proposals from 17 of our Diocesan-sponsored Catholic schools. The grant requests submitted totaled \$235,859; available funding is \$105,000.

After careful review, the Innovation and Leadership Grants Committee will submit their recommendations for Board approval.

The grants promote innovation in Catholic school education by supporting teachers' creative and innovative projects for the classroom or school. Grants through this program are intended for school initiatives that promote innovation and leadership and have a long-term impact on student learning.

The grant application process was open from September 15 – October 31, 2017. These grants are part of Foundation's mission to strengthen and transform Catholic education.

Grant awardees will be announced in February at a reception hosted by the Most Reverend Frank J. Caggiano.

## Leaders of Tomorrow Give Thanks

In our first year, we are excited to facilitate communication between our 49 Leaders of Tomorrow scholarship recipients and their patrons.

Leaders of Tomorrow is a program of the Bishop's Scholarship Fund, which provides full (\$5,000), half (\$2,500) or quarter (\$1,250) tuition to students with demonstrated need, who are identified by their principals as students of strong academics, good character and leadership potential.

In celebration of Thanksgiving, our Leaders of Tomorrow scholars lovingly made personalized notes of thanks for their sponsors.

A reception will be held Friday, February 9 at the Catholic Center where donors and students will have the opportunity to meet in person for the first time. This inaugural Leaders of Tomorrow Breakfast Reception will allow scholarship recipients and donors alike to come together to witness and celebrate the learning and transformation of our Leaders of Tomorrow students.

Friends of Foundations in Education meet with Most Reverend Frank J. Caggiano for a conversation focused on the transformational impact of Innovation and Leadership in today's Catholic schools. Special thanks to our hosts, Paula and Tom McNerney of Westport and Barbara and Peter Ripp of Greenwich.

## Individual Retirement Account (IRA) Charitable Rollover

Did you know? As of December 2015, federal law allows individuals 70<sup>1/2</sup> years of age and older to donate up to \$100,000 from their IRAs directly to charity! The donation is not treated as taxable income and, moreover, counts toward the donor's required minimum distribution for that year. This gift transfer is called a "qualified charitable distribution (QCD)." Tax-savvy IRA account holders can now plan charitable giving in a more reliable way. When making charitable gift decisions, please be sure to consult with your financial advisor.
