

BEE AMAZING PRESCHOOL PLAYGROUND

St. Catherine of Siena School, Trumbull

2019-2020
PROJECT UPDATE

Grant Amount=\$7,500
Project Cost=\$27,000

38 Students Impacted
Preschool

PURPOSE: To purchase a play structure that is designed specifically for children 2-5 years old. With space being limited in our school, outdoor play is essential to the preschool program which focuses on imaginative play and learning through play.

IMPACT: The playground has created a safe place for preschool to play. It allowed us to extend our lessons to include the great outdoors using portable seating and conduct lessons outside. We have used the playground for exploration, scavenger hunting, and story time.

FUTURE PLANS: Our preschool program will utilize this playground for many years to come.
