

PRE-K READINESS AND WRITING PROGRAM

St. Joseph Catholic Academy, Brookfield

2019-2020
PROJECT UPDATE

Grant Amount=\$800
Project Cost=\$815

19 Students Impacted
Pre-K 3 & 4

PURPOSE: To help children at the Pre-K level develop the skills they will use in upcoming grades as they master handwriting, a skill still important to succeeding in school.

IMPACT: The students learned about how to form letters and recognize letters and sounds. They also learned how to hold pencils correctly and improved their fine motor abilities. As a result of the multisensory approach of this program, students will not struggle with the demands of writing in kindergarten. This helps their self-esteem, contributes to the family and school community, and lays a foundation for students' success in upcoming grades.

FUTURE PLANS: This Learning Without Tears handwriting program will continue to be used in teaching future students.
