

SUCCESS WITH SMART TELEVISIONS

St. James School, Stratford

2019-2020 PROJECT UPDATE

Grant Amount=\$8,400
Project Cost=\$10,893

70 Students Impacted
Grades K - 3

PURPOSE: To purchase and install a Smart Television in three Kindergarten and First Grade classrooms.

IMPACT: This grant has changed the way students have been able to engage with the material presented to them throughout the day. In keeping up to date with the latest approach to phonics instruction, daily lessons have been brought to life in a dramatic, rich, multimedia manner that had not been available to their classroom before. The children are engaged and love interacting with the Smart TV's during their lessons.

FUTURE PLANS: The Smart Televisions will continue to be used in the classrooms for coming years.
