

ENTRUSTING TEACHERS WITH TOOLS TO CREATE LEARNING CENTERS

All Saints Catholic School, Norwalk

2020-2021
PROJECT UPDATE

Grant Amount: \$1,000
Project Cost: \$1,000

400 Students Impacted
Preschool - Grade 8

PURPOSE: To create math and reading learning centers as well as develop individual bags of math manipulatives used by students during Covid quarantine.

IMPACT: This grant enabled us to order Math manipulatives, such as counters, clocks, books, etc., and, under classroom Covid precautions, were used safely in the classroom during station rotation within learning centers. The learning centers, new to some teachers, were used twice weekly in English Language Arts and Math. Teachers witnessed students' Edmentum scores increase as a result of grant implementation.

FUTURE PLANS: This project will continue. Teachers recognize the value of the use of learning centers in this type of instruction.
