

# Angel Investor Program

Foundations in Education offers the opportunity to become an “Angel Investor” and sponsor of a Catholic Elementary School within the Diocese of Bridgeport. This program will provide financial support to help sustain and strengthen our Catholic schools. For a minimum annual commitment over three to five years, a donor will see their investment in action, across the entire school community. Typically, the annual sponsorship provides student tuition assistance with a small percentage reserved for principal discretion

The program provides the investor a direct link to a school and in coordination with the school the possibility of a seat on the School Advisory Board. This commitment, in turn, will afford an elementary school a special patron and a guaranteed source of income to bolster their operating revenue and guarantee a portion of funding. Please contact Holly Doherty-Lemoine or Megan Quinn to learn how you can become an Angel Investor to one of the Diocese of Bridgeport Elementary Schools.
