PROJECT UPDATE

Grant Amount: \$5,000

Project Cost: \$5,047

40 Students Impacted

Grades 9-12

PURPOSE: To provide a more dynamic opportunity for education of the Arts that allows students to fine tune their artistic skills and showcase their talents, as well as promote community outreach and service.

IMPACT: This grant helped to boost confidence, support, and spotlight our artistically talented students. Through workshops designed to enrich and expand their acting, dancing, and singing ability, which included a Broadway Workshop in NYC with original cast members from Hamilton. The grant helped promote the students' overall drama experience. Even though COVID prevented the use of this grant for the past several years, grant funding allowed students to receive unique training in preparation for performances such as the spring musical, Godspell. Over 300 students from area Catholic elementary schools as well as area nursing home residents were invited to be our guests.

FUTURE PLANS: The Drama Club and annual spring musicals will continue in the future. We will work to identify funding to support student talent development opportunities so we can continue to showcase our students' talents with and in the community.
