

# LISTENING CENTER IMAGINATION STATION

St. Rose of Lima School - Newtown

2022 - 2023

PROJECT UPDATE

Grant Amount: \$750

Project Cost: \$745

21+ Students Impacted

Grade 1

**PURPOSE:** To allow emergent readers to read independently by teaching first graders how to use a compact disc (CD) player and a CD to read along with a book.

**IMPACT:** Students were able to read independently and in small groups with the aid of a CD player. This independent work allows the teacher to work with individual students or smaller groups. The students loved it!! They were happy to be able to 'read.' It helped build their confidence in reading and they had fun doing it.

**FUTURE PLANS:** This will continue for many years!
