

REINVENTING THE WAY WE LOOK AT ART

St. Mark School - Stratford

2022 - 2023

PROJECT UPDATE

Grant Amount: \$5,995

Project Cost: \$5,995

100 Students Impacted

Grades 4-8

PURPOSE: To purchase a classroom set of graphic tablets and 3D pens that are compatible with Chromebooks. To teach students cartooning, drawing on the computer, and graphic design, as well as the opportunity to 3D print their very own project.

IMPACT: Students have begun to explore technology in Art. This grant advanced our art lessons as student were taught cartooning and 3D design. They also learned how these artistic techniques relate to career paths. The grant has provided an innovative way to connect with students. Students who were previously insecure about their artistic abilities were now excited about their creations. Their art performance improved as well as their confidence.

FUTURE PLANS: Students will use these new technology and materials for years to come.
