

ENGAGING AND EMPOWERING INTERACTIVE MINDS

St. Mark School - Stratford

2022 - 2023
PROJECT UPDATE

Grant Amount: \$7,300

Project Cost: \$7,304

64 Students Impacted

Grades 6-8

PURPOSE: To purchase a Promethean ActivPanel Titanium Pro 75 4K LED Display, the ultimate interactive display for education, which empowers teachers to drive student engagement and personalized learning through immersive multimedia delivery of instruction.

IMPACT: This grant improved the quality of lessons and allowed students to interact with their learning by introducing engaging tools to learn different topics and inspire peer-to-peer collaboration and understanding. The grant also allowed the school to complete the technology upgrade to Promethean interactive panels in all K-8 classrooms. This is a point of pride for our school community and keeps us competitive by having cutting edge technology.

FUTURE PLANS: The campaign is complete as all classrooms in grades K-8 have a Promethean panel. This technology will have a lasting impact for years to come.
